Per Sanctioning Body

#### [European & World Champions]

Since 1999, MTI has built race boats for many competing organizations around the world. From state, national, and world classes to European and Middle Eastern competitions, MTI has been a long standing manufacturer within the racing community. Built to meet the sanctioning body classifications, MTI built their first Supercat raceboat with a pair 750 hp engines reaching speeds of 120mph. Fast forward to modern day, competitors have horsepower exceeding 1750 with speeds reaching 200 mph. Successfully, MTI has won many National, World, UIM, Middle East and European Championship titles for the past several decades.
